

Staff Conduct Policy

Wodonga Institute of TAFE is committed to excellence in the area of staff professionalism, ethics and service to learners, clients and the community.

To support this philosophy, a Staff Code of Conduct that clearly articulates the behavioural expectations incumbent on all staff (and others who conduct business on the Institute's behalf), will underpin all Institute activity.

The Code will build on the Institute's Vision and Guiding Principles and will fully comply with the Code of Conduct for the Victorian Public Sector and also with the requirements of the Victorian Public Sector Employment and Administration Act 1998.
