

Sustainability is everyone's business

Make it your passion for success

Sustainability is the single biggest business opportunity of the 21st century. Learn how to embed sustainability into your business in this two-day information workshop hosted by Wodonga TAFE's Centre for Sustainable Skills at TAFEspace Wodonga.

Now more than ever it is time to start implementing changes towards sustainability. Business, government and the wider community now consider sustainability issues to be an integral part of operations.

The Centre for Sustainable Skills invites your business to participate in this event and gain valuable information and tools to change and drive your business to sustainable success.

Date Saturday 27 and Sunday 28 August 2011 | **Time** 10am-4pm | **Cost** \$440 (incl. GST)
Bookings are essential as spaces are limited.

Contact 02 6055 6334 or email sustainability@wodongatafe.edu.au

Topics include:

- Why is sustainability the single biggest business opportunity of the 21st century?
- Innovation to develop products and services for the future
- Recruitment and retention of talent in an environmentally aware labour market
- Take home tools in sustainability to develop business sustainability.
