

WORKING AT HEIGHTS

OVERVIEW

Working at heights training is focused on fall prevention rather than fall arrest. It is designed to equip workers with the knowledge and skills to safely work in any height situation and comply with current legislation. All workers who conduct or supervise tasks whilst at height will find this course beneficial. Training and assessment are delivered by qualified trainers from industry backgrounds.

LEARNING OUTCOMES

- Fall prevention
- Equipment used whilst working at heights
- Monitoring and supervision of those working at heights
- Working safely at heights
- Conduct housekeeping activities

COMPULSORY UNITS

RIIWH204D Work safely at heights

ASSESSMENT

The assessments will enable students to demonstrate the underpinning knowledge, skills and attributes required to meet the course outcomes. A range of assessment strategies to meet different student's needs will be selected, including theory and practical assessments.

CERTIFICATION

By successfully completing this course you will receive an AQF Statement of Attainment

CAREERS

This course will put you in better stead to gain a role involving working at heights, but will largely complement current work in the field.
