OVERVIEW
Develop study and academic skills for successful transition to tertiary education and training pathways. This program provides supported learning for recent Year 12 school leavers or adults who would like to engage in higher education. It is designed to develop your skills in academic reading, writing and research, problem solving, planning and organising, collaborative learning, and team work. This course also includes a health specialisation to prepare for diploma and degree level studies in the health and community services sector.

LEARNING OUTCOMES
- Set study goals and plan education pathway
- Prepare for tertiary reading and writing
- Develop mathematical skills
- Communicate verbally in a further study context
- Participate in collaborative learning
- Conduct online research for further study
- Work with diverse people
- Recognise healthy body systems

COMPULSORY UNITS
