

OPERATE TRACTORS

OVERVIEW

This course introduces learners to the legislative requirements and safe working practices required to operate a tractor safely in an agricultural environment. This is a useful course for people new to the industry, as well as those who would like to stay informed about current standards and practices. This course also includes tuition on the practical operation and maintenance of tractors and is suitable to meet workplace requirements for operators to have satisfactory and demonstrated competence.

LEARNING OUTCOMES

- Operate a tractor safely
- Understand legislation regarding tractor use and operation
