

OVERVIEW

This course introduces you to the legislative requirements and safe working practices you need to operate a quad bike safely in an agricultural environment for satisfactory compliance with WHS practices. You'll learn how to ride a quad bike, use them for storage, and transport of materials, the safety parameters instilled in the bike, and how to operate one safely and effectively in a working environment. This is a useful course for all people operating this equipment, whether for work or recreational purposes.

LEARNING OUTCOMES

- Operate a quad bike or ATV safely
- Adhere to and apply legislative requirements surrounding quad bike and ATV operation

COMPULSORY UNITS

AHCMOM217 Operate quad bikes

ASSESSMENT

The assessments will enable students to demonstrate the underpinning knowledge, skills and attributes required to meet the course outcomes. This will include a practical and theoretical assessment of your skills and knowledge.

CERTIFICATION

By successfully completing this course you will receive an AQF Statement of Attainment

CAREERS

- ATV or quad bike transport role in a farming environment
